

To whom it may concern,

Hightower is committed to sustainability, seeking to provide products that have a positive impact on the environment. We are happy to offer products that contain both pre-consumer and post-consumer recycled content, as defined by the US Green Building Council's LEED standard. Products that contain recycled content can contribute to the LEED v4 and v4.1 Materials and Resources: Building Disclosure and Optimization – Sourcing of Raw Materials credit. This letter serves as a declaration that based on information provided to us by our suppliers, the following product(s) contain pre-consumer and post-consumer recycled content:
