

Hightower®

Kona Table Collection

Whether working, dining, collaborating or socializing, you'll find your happy place when sitting with a piece from the Kona Table Collection. With an extensive range of shapes, sizes and finish options, Kona instantly brings a space to life by providing an easy surface where work and play can unfold.

All Shapes and Sizes

From a personal laptop table to a large meeting table that can accommodate up to 8, the Kona series offers a size, shape, and height to meet any need. The range of options makes this collection a one-stop-shop for all the table solutions within a space, allowing for a cohesive aesthetic.

Inclusivity as a Standard

With inclusivity in mind, the Kona Table series offers a seat for everyone with its minimal column design, as well as 2 counter height options that come standard at an accessible height.

No Detail Left Behind

When engineering this collection, the Hightower Studio design team was meticulous about getting every detail just right. Chamfered table tops and base plates contribute to clean finished edges, while special attention was given to the design to ensure a wobble-free top.

Find Your Finish

No matter your preference, there is a Kona Table finish option that will suit your design. Natural wood, laminate, or painted wood tops complement the powder coated bases, also available in Hightower's exclusive palette of contemporary color options.
