

Hightower®

Hari Seating Collection

Form, function, and endless options for configurability — the Hari Collection packs a punch in a simply striking silhouette. An effortless addition to any type of project, Hari can instantly elevate a space with a unique design that will leave people talking.

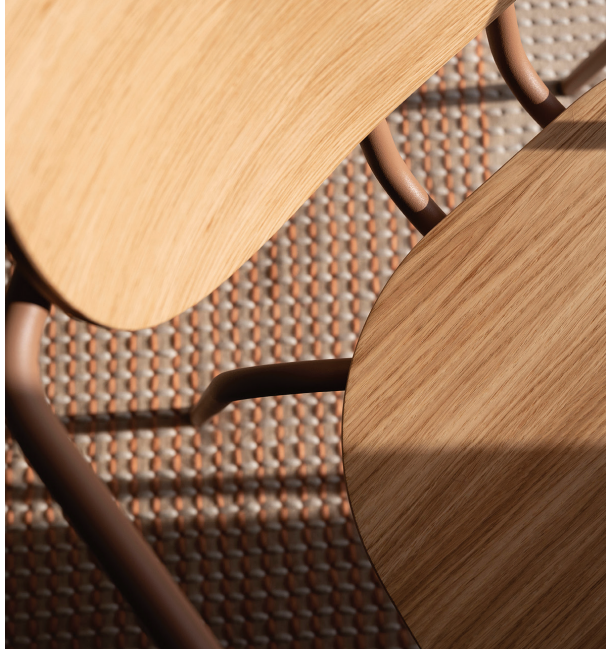

Size It Up. Stack It Up.

No matter the need, Hari has a size and solution. Stack the Chair model up to 6 high, add the Guest Chair with Arms for a lounge setting, or take things to a new level with the Counter and Barstools. Maintain a cohesive design throughout a space by incorporating the collection in various forms and finishes.

Small Frame, Big Personality

Inspired by the world of textile looms and the juxtaposition of industrial frames with delicate threads, Hari hits the perfect balance between hard and soft. Its lightweight frame combines with a comfortable curved seat, making it an ideal seat for all types of commercial environments, from hospitality spaces to workplaces to educational settings.

Get a Handle on It

Not merely an aesthetic element, the button back detail also serves as a handle for easy mobility. Go ahead — pull up a seat.

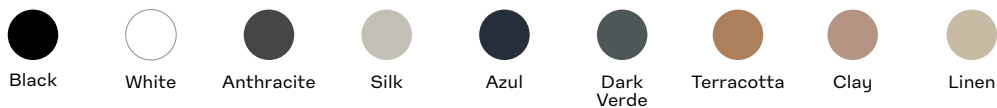

The Finishing Touch

The only limit is your imagination when crafting your perfect combination for Hari. New neutrals, vibrant color pops, warm woods, and endless upholstery options are all at your fingertips when specifying this collection.

FINISHES:

Epoxy Coated Steel Frame Options

Wood Back Options (With Upholstered Seat)

Polypropylene Options (Matching Back & Seat)

Sitting Pretty with Hari

Whether used as a statement piece or a grand-scale seating solution, this collection has no limits. Bring high design, flexible comfort, and a custom touch to any space with the addition of Hari.
